Programme Report

Name of the Programme: Webinar on Topology – A Geometrical View
Date: 19th January 2021

Department organized a webinar "Topology – A Geometrical View" presented by P R Neethu, a Research Scholar from the Department of Mathematics, Maharajas College, Ernakulam, on January 19, 2021. The webinar aimed to provide a comprehensive understanding of topology from a geometrical perspective. P R Neethu, with their expertise in mathematics, guided the audience through the fundamental concepts and principles of topology. The resource person delved into the geometrical aspects of topology, covering topics like point-set topology, algebraic topology, and differential topology. The webinar was well-received by the students.
