15. Multidisciplinary / interdisciplinary

Our Institution has a proper and well planned mechanism for curriculum following the rules and regulations by the Kannur University. Our faculties participated in workshops for designing new curriculum. Based on the feedback and delivery of curriculum, teachers were able to contribute to the designing as well as the implementation of curriculum. All the programmes in the college follow a Choice Based Credit and Semester System. In the beginning of the academic year itself we prepare an Academic Calendar for the systematic implementation of the programme. The UG degree programs offered by the institution are in six subjects; namely Mathematics, Commerce, English, Malayalam, History and Business Administration and PG degree in Commerce and History. The curriculum of UG degree programs offered by our college strongly emphasizes an interdisciplinary approach throughout its educational and research activities.

Our commitment to an interdisciplinary approach is evident in all our degree programs. For instance, within our English courses, we incorporate subjects such as Gender Studies, Gender Equity, Environmental Studies, and cultural pluralism to provide a well-rounded education. In the realm of other programs, our curriculum includes diverse subjects like Archeology, archival Studies, Sociology, Journalism, Mass Communication, Introductory Economics, and Statistics, enriching the academic experience. Furthermore, we promote the integration of information technology in regional languages and modern journalism in our BA Malayalam program along with a complementary course on Malabar Studies and 'Environment, Dalit and Gender politics Studies.'

In our Generic Elective (Open Course) options, students have the freedom to select subjects unrelated to their main field of study like Insurance and Risk

management, Vaikkom Muhammed Basheer-Lessons and Learnings, E-Commerce, and subjects which would highly be beneficial for career competitiveness and PSC Examinations like Social Reform Movement, English for Competitive Exams and Quantitative Arithmetic and Reasoning, exemplifying our commitment to a multidisciplinary education. Additionally, we offer certificate courses, such as Museology, Malayalam DTP, Digital Marketing, Diploma in Practical Accounting and Tax Practice (DPAPP), English language proficiency and Professional Competency which further emphasize our multidisciplinary approach to academia. Our dedication to interdisciplinary knowledge sharing extends to all departments by offering add-on courses on various subjects like Zero Violence Mind-set, Library Management, local Culture and Life, Mathematics for Kerala PSC, where any student, across disciplines, could avail the benefits.

The conduct of internal examinations and assessment are planned in advance and committees concerned ensure its implementation according to the University norms. The institution also puts in additional effort to enhance student capabilities by providing sessions aiming at the enhancement of the students like by providing necessary remedial session in various committees for ensuring the smooth functioning and coordination of these objectives. Teachers prepare the work diary with the lessons for the classes and tutorial maintained for recording the students' evaluation. Internal assessment register, Attendance register, Remedial class register etc. are maintained by the department for ensuring proper documentation. The tutorial system of the college helps the students to accomplish their goals.

3.4 - Extension Activities

3.4.1 - Extension activities are carried out in the neighborhood community, sensitizing students to social issues, for their holistic development, and impact thereof during the year

The faculty members, students, and management of the college take up and carry out extension activities for the relevant community. These activities vary from general awareness programs to solutions to their problems. One of the remarkable programs is a general awareness class, conducted at Palayam Nagar Colony. The community members are informed of the importance of staying hygienic during the pandemic. A medical camp arranged for them has helped make them aware of the vaccination program. During the lockdown phase, the college provided palliative care services for the community. Apart from health services, the faculties have provided free tuition classes for the students in the colony. The pandemic period and the resultant lockdown opened different ways for the NSS and NCC volunteers to organize and conduct different services and to offer health and hygiene classes. As a known higher education institution in the region, college inculcate in its students the ideals of selfless service by extending its activities to the neighbouring community and hence contribute to nation building. Consequently, the students in general and the volunteers in particular involved themselves in the production and distribution of both sanitizers and masks as a result of which large number of people could collect the essential new items in their daily life free of cost as part of the new normal.

The institution ensures that the students and their parents are made aware of the mechanism of internal assessment, through prospectus, orientation class and department level PTA meetings. The students in particular are given a clear picture of their course, syllabus, evaluation processes and the career opportunities offered by the course. The academic calendar prepared by the IQAC gives a proper schedule for the internal assessment at the beginning of the academic year. Even though, internal examination committee is diligently functioning in the college, taking account of pandemic situation, IQAC gave freedom to the departments to select appropriate methods of CIE to bring the variety in the methods of internal examination and evaluation which include multiple choice question tests, kahoot quizzes, seminars, online assignments, seminars and book reviews. Absentees with genuine reasons get an opportunity to re-appear. The internal marks were published before all the students prior to uploading in the university website. 2.5.2 - Mechanism to deal with internal examination related grievances is transparent, time- bound and efficient

The institution ensures that the students and their parents are made aware of the mechanism of internal assessment, through

prospectus, orientation class and department level PTA meetings. This year, internal assessment was conducted via online examinations, online viva voce, assignment, kahoot quizzes, book reviews and seminars. After the internal assessment, internal marks were published before all the students prior to uploading in the university website. Students can verify their marks. Reappearance for the examinations is allowed with the permission of the head of the institutions for underlying reasons. Grievances, if any, were addressed by the respective teacher. 3.4 - Extension Activities

3.4.1 - Extension activities are carried out in the neighborhood community, sensitizing students to social issues, for their holistic development, and impact thereof during the year

The faculty members, students, and management of the college take up and carry out extension activities for the relevant community.

These activities vary from general awareness programs to solutions to their problems. One of the remarkable programs is a general awareness class, conducted at Palayam Nagar Colony. The community members are informed of the importance of staying hygienic during the pandemic. A medical camp arranged for them has helped make them aware of the vaccination program. During the lockdown phase, the college provided palliative care services for the community. Apart from health services, the faculties have provided free tuition classes for the students in the colony. The pandemic period and the resultant lockdown opened different ways for the NSS and NCC volunteers to organize and conduct different services and to offer health and hygiene classes. As a known higher education institution in the region, college inculcate in its students the ideals of selfless service by extending its activities to the neighbouring community and hence contribute to nation building. Consequently, the students in general and the volunteers in particular involved themselves in the production and distribution of both sanitizers and masks as a result of which large number of people could collect the essential new items in their daily life free of cost as part of the new normal.
