

**CO-OPERATIVE ARTS AND SCIENCE COLLEGE, MADAYI
AQAR - 2020-21
Re-Accreditation Cycle 2**

**CRITERION IV - INFRASTRUCTURE AND LEARNING
OUTCOMES**

4.1.1 - The Institution has adequate infrastructure and physical facilities for teaching-learning. viz., classrooms, laboratories, computing equipment etc.

Physical, academic and support facilities

Classroom 44 is a well-equipped learning space designed to facilitate interactive and engaging educational experiences. It is furnished with essential amenities, including a whiteboard, projector, and speakers, ensuring a conducive environment for effective teaching and learning. The integration of CCTV enhances security measures, providing a safe atmosphere for both students and faculty.

Our college is committed to accessibility, evident through the provision of wheelchairs to ensure that every student can navigate the campus comfortably. The presence of a photostat machine and printer further supports academic activities, offering convenient access to necessary materials. The computer lab, equipped with modern

technology and high-speed WiFi, serves as a hub for research, projects, and collaborative work.

The inclusion of a girls' room emphasizes our commitment to creating inclusive spaces, while the NCC and NSS offices contribute to the development of leadership skills and community service among our students. Physical well-being is prioritized with a well-equipped gymnasium and pavilion, providing students with opportunities for exercise and sports. The student store ensures convenient access to essential supplies, while the museum of archaeology offers a unique educational experience, showcasing historical artifacts and enriching cultural knowledge.

The library, contain an E resource center, is a treasure trove of knowledge, supporting academic research and study. Our college is a holistic learning environment that prioritizes technology, accessibility, physical well-being, cultural enrichment, and community engagement, creating a vibrant and supportive atmosphere for all students.
