Action taken Report on Feedback - 2020-2021

Feedback system is effectively Implemented and responds have been collected from students, teachers, alumni and parents respectively. The analysis and results help to make the curricular aspects of teaching and learning.

The institution diligently follows the syllabus prepared by the Board of Studies of Kannur University. The institution maintains a well-organized academic calendar synchronized with government and university schedules. The calendar outlines significant events for the academic year, including master timetables and departmental schedules. In addition to core and complementary courses, each discipline provides open and elective courses, enhancing flexibility for students. Regular meetings at various levels, including College Council and department-level gatherings, shape and adhere to academic plans.

Faculty members are encouraged to participate in seminars, webinars, and workshops to enhance teaching quality. The institution effectively transitioned many activities to online platforms in response to the challenges posed by the COVID-19 pandemic. Academic planning includes a thorough review and validation of syllabi prescribed by the affiliating university.

Comprehensive support to students includes assignments, seminars, internal assessments, and the use of digital resources and platforms to enrich the learning experience. Research aptitude among undergraduates is fostered through supervised research projects, developing critical skills in problem-solving, experimental design, data analysis, and scientific reporting

The institution's commitment to structured academic planning, flexible delivery methods, robust student support, and research-focused learning underscores its dedication to providing a holistic and effective education. The faculty members of the college who are the members of Board of studies and Senet actively participated in the restructuring and revision of the curriculum. Accordingly, suitable and significant changes and modifications are incorporated in the new syllabus and curriculum.
