

Decentralisation and Participative Learning

The College has a democratic, decentralized administration, providing complete transparency in the decision-making process. The governing body has given powers to the Principal to take decision regarding academic and Co-curricular activities and meets at regular intervals and monitors the activities of the institution. Principal constitutes different committees and conducts regular meetings for the successful operations of the institution. Operational autonomy is allowed to departments, clubs and associations to work towards decentralized governance. College students' union election is conducted yearly on the basis of the university norms and conditions. This inculcates and ensures democratic attitude and decentralized approaches in students' community. A returning officer is appointed by the Principal to regulate and control the procedures. These participative and decentralised operations include Internal Examination Committee, Admission Committee, Discipline Committee, Anti-Ragging Cell and various committees for Arts and Sports events etc. During the Arts and Sports events, all teaching and non-teaching staff members are entrusted with duties in managing the events. The faculty members and students are assigned with the responsibility of the forums and clubs by which they coordinate the activities. Students frequently contribute to the regular activities of the college. These forums and clubs include NSS, NCC, College Students' Union, Career-Guidance Cell and many more.
