## **Criterion 6**

**6.2.1: The institutional perspective plan is effectively deployed and functioning of the institutional bodies is effective and efficient as visible from policies, administrative setup, appointment, service rules, and procedures**

**Green Campus, Energy and Environment Policy**

## Policy for the Environment, Energy, and Green Campus

1. Preserve and safeguard the campus's natural resources and systems.
2. Make sure that environmental resources are used wisely in order to fulfill the requirements and ambitions of both the current and upcoming generations.
3. Collaborate with all local stakeholders and the community at large to increase awareness, promote the adoption of environmentally sound practices, and lessen any negative environmental effects.
4. Always strive to increase our contribution to resource conservation worldwide, climate change adaptation, and climate protection.
5. Encourage all departments and student organizations, such as NSS, NCC, Bhoomithrasena, and others, to plan training sessions, contests, and events that will improve the atmosphere.
6. Make better use of all available resources, such as energy and cure its relevance and effectiveness. Any proposed changes to the policies will be subject to approval from the relevant.
